

ON HELLENO-CHRISTIANISM

An open letter to whom it may be of interest:

From the legislation at the height of the Romeo-Christian times (4th and 5th centuries AD) we can get an understanding of the method used to achieve violent conversion of the Greeks to Christianity and their compulsory «salvation»:

«We decree, that all sacred places and temples (of the Greeks) shall be demolished by order of the local authorities and shall be purged by virtue of raising the sign of the Christian Faith... If someone is brought before a competent judge with sufficient proof that he has not followed the letter of this law he shall be condemned with the death sentence». Emperor Theodosius and Valentinianus to Isidorus Praetor of Praetorium 14 November 435

«All temples in the cities and in all locations (of the world) must be shut down.. Should anyone, whatever his authority may be, fail to observe (this law) he will be punished by decapitation. Justinian Code 1.10 Emperor Constantius A´ to Taurus Praetor of the Praetorium December 354AD.

«Such acts, (anything not Christian was considered pagan) should they continue to be perpetrated (or should they be denounced) even in some meadow or home, that meadow or home will be confiscated and added to the property of those holiest of men (the priests of the Christian Religion) whereas its owner who consented to the desecration of the place will be fired from (any) public office he holds, lose his belongings and, after physical torture with appropriate metal instruments, he will be led to exile for life». Justinian Code 1.10.8 Emperor Leon and Anthemius to Dioskorus Praetor of the Praetorium. Delivered in 472 AD

«We order our magistrates, but also those instructed by our God-loving bishops to scrutinize according to the law all cases of disrespect related to the Greek religion so they are not allowed to occur, but should they occur, to be punished accordingly...None (no Greek) shall have the right to inherit by benefit of a will (their belongings) or to donate anything to people or places that have been noted to commit the desecration of Hellenism.. whatever is donated or inherited in such a manner will be confiscated. With this pious legislation (we decree) that

all punishments be kept in effect, with which previous (Christian) kings had threatened to punish the Greek fallacies and which (punishments) were meant to secure the orthodox faith».

Justinian Code 1.10.9 also B1, 1,19) and Nomocanon 6,3

Because certain individuals have been detected, (although they were baptized in Christ) to be possessed by the fallacy of the impious filthy Greeks and to be performing acts that justifiably enraged our philanthropic God...These will be subject to corresponding punishment in a spirit of leniency...(!) If they insist in their Greek fallacy they will be subject to the capital punishment. If they have not yet been worthy of the holy baptism they will have to present themselves at our holy churches, together with their spouses and children and all persons of their household, to be instructed in the true faith of Christ. After they have been instructed and have rejected the fallacy with which they were previously possessed, they will have to ask for the holy baptism. Otherwise, let it be known that should they neglect to ask (to ask themselves for the Holy Baptism) they will lose all civil rights, and will not be allowed to own property , in land or in goods.

ALL THEIR POSSESSIONS WILL BE REMOVED and they will be left in poverty and additionally will be subject to capital punishments.

We will hinder any lesson (by closing schools) taught by those suffering from the disease and mania (of learning) of the impious Greeks, so they will not be allowed any more to pretend they are teaching, while in fact they are corrupting their pupils' souls with false truths. Should (therefore) such a person appear who will not come to our holy churches with all his relatives and household, he shall be punished with the aforementioned punishments.

We hereby decree that children must be baptized immediately, without postponement while they are of small age, (compulsory baptism of infants) while those of older age must spend their time in our holy churches and be instructed in the Scriptures and the (biblical) texts. When they have come to their senses and rejected the ancient (ancient-Greek) fallacies, they will be allowed to receive the holy baptism to secure the true faith of Orthodox Christians in the future. Those that hold military or other (public) Office, or possess great fortune and have come forward to be baptized (pretending to be faithful) to avoid the consequences but leave their spouses and children and other kin or members of their household (believing) in the

Greek fallacies , we decree that their fortunes be confiscated (!) their civil rights annulled and that they will be subject to punishment worthy of their crime, since they have obviously attained the Holy Baptism without true faith. We bring these laws into effect on account of those rogue Greeks». Justinian Code 1.10.10

A single choice for Greeks « Baptize or Death» ... Of course in theory «whoever wishes may follow me» MATHEW 16.24

Faced with these annihilating punishments of the «saviors», exile, decapitation, confiscations of all property, closing of schools, annulment of civic rights, the disgrace of compulsory catechism, torture and legal capital punishment of any of their followers, as well as the ingenious deprival of any possibility to feign conversion to Christianity, survival left as only choice the conversion to Christianity for the Greeks, who were persecuted like the worst of criminals.

With this methods Hellenism was converted to the Christian faith of “love”

THIS HAS BEEN THE UNFORTUNATE ANNIHILATING REACTION OF THE IUDAEO-CHRISTIAN RELIGION AGAINST THE PROMETHEIC AND WORLD- ILLUMINATING HELLENIC CIVILIZATION.

THE HELLENES WERE SINGLED OUT IN HISTORY BECAUSE THEY WERE OBLIGED TO SACRIFICE THE NOBLEST AND MOST SOUL HEALING CIVILIZATION OF ALL HISTORY TO OBTAIN... HOPES OF REWARDS AFTER DEATH

WERE THE FATHERS OF THE CHRISTIAN CHURCH PHILHELLENES?

Saint Basil the Great, Bishop of Caesarea (alias Santa Claus)

«The Greeks are enemies, for they delight in devouring Israel with their mouth wide open» « By mouth the prophet means (see Isaiah 9.11) the power of the sophists' speech that will use every argument to confuse the simple believers» Saint Basil of Caesarea ON PROPHET ISAIAH

«My Order is, (!!!) Show no cowardice when you are faced with the Greeks' hypotheses, which resemble wood, or rather a used up torch that has lost its' liveliness and all power of the wood, and neither does it display any more the torches' glow. Indeed like extinguished, smoking torches they will stain black and dishonor he who would reach for them and bring tears to the eyes of those who would venture near them. The same effect has (The Greeks') falsely named knowledge to the people who would use it»

Basil the Great (alias Santa Claus) (330-379AD) FOREWORD TO THE PROPHET ISAIAH 7.196.3)

JOHN CHRYSOSTOM Archbishop of Constantinople

«Should you look into (Greek ideas) you will see ashes and dust and nothing wholesome but a gaping grave that is the larynx (Of the Greek philosophers) and everything filled with impurities and pus, their doctrines swarming with vermin...this is what the Greeks begot and expanded, taking over from the philosophers...as for ourselves we will not resign from the fight against them».

John Chrysostom (344-407AD) ON SAINT JOHN THE APOSTLE (SPEECH ΕΨ') 59.369.12-370.11

Note the philobarbarian attitude of Saint John Chrysostom:

«The more a nation looks barbaric and is estranged from Greek culture, the more our teachings shine... this (faithful) barbarian has conquered the entire world... and while all Greek culture is extinguished and destroyed, his' (the barbarian's) shines brighter every day».

Saint John Chrysostom TO JOHN 59.31.33

Saint John Chrysostom undermines the status of the library of Alexandria with torching statements:

«Why therefore, should the Temple of Serapis (The Library of Alexandria) be considered sacred on account of the books? It should not be! ... but demons occupy the

place ...rather these are (the Greeks) demons themselves... an invisible altar stands next to them on which human souls are sacrificed... so understand and spread the word that demons occupy the place». John Chrysostom ADVERSUS JUDAEOS 48.851.38 to 852.35

Demons according to the wise Archbishop were the books of the Library of Alexandria and soul-sacrificing altars the Greek Libraries!

Accordingly the PATRIARCE OF ALEXANDRIA THEOPHILUS finally demolished the Library in 391AD:

«In Alexandria all the buildings of the Temple of Serapis had a fate similar to the poetic tales of the Giants ...during the Kingdom of Theodosius and presiding of Theophilus, the votive offerings were destroyed-And they fought the statues and the votive offerings so «valiantly» that they not only triumphed but stole them as well...of the Temple of Serapis it was only the foundation stones they did not remove, and that because of the weight of the stones, that (the foundation stones) were immovable. These militant and avaricious «braves»...considered the desecration to be a commendable act. Then we were invaded by so called monks, a sort of people, who lead a pig's life and are obviously deranged, perpetrating millions of unheard of evil acts, thinking these were acts of devotion.. At that time any man wearing a black robe had a tyrant's power and could perpetrate any ugly act in public. To this «virtue» were people transformed by the new religion». EUNAPIOS (346-414AD) VITAE SOPHISTORUM 6.11.4

EUSEBIUS BISHOP OF CAESAREA IN PALESTINE (265-340AD)

«Your poor and wretched people, you have raised from the manure of the Greek excrements and you have seated him among the Lords of Israel, his own people».

Eusebius Praep Evang./ON PSALMS / HALLELUJAH. PIB'(23.1352.34)

Relevant passages from the Writings of Eusebius:

«Abandoning the Greek follies is an act of wisdom». «Abandon all the Greeks philosophers have proposed on the beginning of things». «(The Greeks) ...perform witchcraft and therewith force the minds of persons». «Their statues are created with witchcraft and they lead you to sorcery». «Of ancient Hebrews and why we preferred their Scriptures over the Greek words». «The Greeks benefited in everything from the barbarians». «Thieves of ideas are the Greeks». «Why after reasonable judgment and wise deliberation we admitted the truth of the Hebrew history». MIGNE PATROLOGY

GEORGE THE MONAK CHRONOGRAPHER

«As for myself I consider the Greek culture nonsense, uttered by an evil demon and the saddest of affairs»

GEORGIUS MONACHUS Chronogr. ON THARRA

JOHN CHRYSOSTOM forbids use of Greek names

«None must call his children the (Greek) ancestors' names, be that of their father, their mother, their grandfather or their great grandfather, but instead you must use those of the righteous (of the Old Testament) John Chrysostom DE INANI GLORIA ET DE EDUCANDIS LIBERIS (690) 641.65

John Chrysostom recruited mercenaries to systematically demolish the Greek majestic buildings:

«John the Great (Chrysostom) gathered monks inflamed with the zeal of the Lord (fanatical monks), armed them with royal mandate and sent them against the heathen (Greek) shrines. The money paid to those working in demolition and to their assistants he did not obtain from the royal treasury (!) but from wealthy ladies he convinced to contribute so they would obtain the blessing of the Lord with the splendor of their faith. In this way he razed to the ground the rest of the buildings (Temples, monuments, graves, houses)». THEODORETUS ECCLESIASTICAL IET' HISTORY TO DAMASIU (Vol.5, 329/8-330/8)

DESPITE THE ENDLESS CLAIMS OF LOVE AND INSPIRATION BY GOD THE JUDAEO-CHRISTIANISM IS UNFORTUNATELY GUILTY OF GENICIDE AGAINST THE ANCIENT GREEK CULTURE. CLAIMS ABOUT PRESERVATION OF THE ANCIENT GREEK CULTURE BY CHRISTIANITY ARE COMPLETELY UNFOUNDED. THE MOST ADVANCED CULTURE OF HUMAN HISTORY, THE «HELLENIC CULTURE» HAS FOR 16 CENTURIES BEEN THE TARGET OF HORRIBLE RELIGIOUS PERSECUTION. UNFORTUNATELY STILL DEMONIZED AND PERSECUTED BY OUR PRESENT SLAVER (Official Greek) EDUCATION SYSTEM THAT UNDERMINES THE HELLENIC GIFT FOR DISBELIEF AND FRUITFUL QUESTIONING OF TENETS TO PRODUCE ARTFUL SLAVES.
